2004 – 2005

Caterpillar. The difference counts.™

**95% of current Cat® parts can
be delivered within 24 hours.**

The right parts. Right now.

As a Cat Dealer, we make it a point to stock parts for almost every Cat machine still in use. And thanks to Caterpillar's worldwide distribution system, we can deliver most other parts within 24 hours.

Whether you're maintaining one machine or many, the support you get from your Cat Dealer makes the difference that counts every day.

Caterpillar. The difference counts.™

Total Support. One Source. Your Cat Dealer.

As your Cat Dealer, we define world-class product support. We offer you the right parts and service solutions, when and where you need them.

We are proud to offer you the thousands of Caterpillar parts listed in this new edition of the *One Safe Source* catalog. You can count on genuine Cat parts to deliver top performance and long life, because they are built to high-quality, original equipment specifications.

We carry most parts listed in this catalog in stock for your immediate, off-the-shelf convenience. And thanks to Caterpillar's worldwide distribution system, we can deliver most other parts within 24 hours.

Our highly trained experts offer you comprehensive service options to keep your equipment up and running, maximizing your investment. Whether you are maintaining one machine or many, the support you get from us makes the difference that counts every day.

Part numbers and specifications are subject to change without notice. To ensure you receive the correct parts, please provide the model and serial numbers of the machines or engines on which they will be used.

Some of the products listed in this catalog are not available in certain parts of the world. Please check with us for more information.
