Tigercat 470 Mulcher

INTRODUCTION

An Operator's manual, Service manual and a Parts catalogue are made available by Tigercat to assist the dealer, customer and operator in becoming familiar with the features of the 470 Mulcher.

Serial numbers: 4700101–4701000.

The 470 Mulcher is designed for harvesting trees, thinning and final felling, limbing and debarking applications in plantations and natural stands.

The Operator's manual will assist the operator with the techniques of proper and safe operation of the 470 Mulcher. There is also important information regarding the safe operation of the saw head. The service manual contains safety and servicing procedures and a preventive maintenance schedule to ensure optimum machine performance.

Section 1 in both the operator's manual and the service manual contains safety information that must be followed. As well, throughout the rest of the manuals, DANGER, WARNING and CAUTION notices are displayed where necessary, drawing attention to possible hazards when performing certain procedures.

Only trained personnel should be allowed to operate or work on the machine.

The information contained in this manual is current at time of printing. Improvements to the machine are on-going and may not be covered, therefore in these cases contact your Tigercat dealer for the appropriate information.

Tigercat reserves the right to make changes to the machine after this manual release date that may not immediately appear in this manual.

If the machine in question was built after the release date of this manual and there is a discrepancy, call Tigercat service department.

The Company reserves the right to change information contained herein at any time without prior notice.

All product or company names that may be mentioned in this publication are trade names, trademarks or registered trademarks of their respective owners.
