## **Instructions for Parts Books**

The heading at the top of the page will be the same for the picture of the parts at it is for the page with the part numbers.

Definition of column headings on part number pages:

**REF.No** → The number referring to the part on the picture page of the parts book.

Part No. → The number assigned to this part at the time of printing the parts book.

Description → Discription of part.

 $Q'ty \rightarrow Quanity of part used on that page.$ 

S.No.  $\rightarrow$  Serial number range of the equipment that this part which fit.

>= Your serial number should be greater than of equal to the number shown.

Your serial number should be lesser that on equal to the serial number shown.

 $I/C \rightarrow$  Interchangeability of part shown.

←→ The part shown will work for the older and later serial number.

# The part shown is not intercan able with the other serial number.

← new for old

→ old for new

Remarks -> Notes about this part. Sometimes this may say except [FR] or [CA]

## Note about Country Jodes:

The parts books we use in the United States of America may also contain information about a part that would be different in another country. It is important that you are aware of the country codes in some instances.

Symbol Country

A United States of America

CA Canada
FR France
GR Greece
PO Portugal
AU Australia

If the remarks column says for example EXCEPT [FR] this part works in all countries except France. That means it will work here in the USA.
