Tigercat 875 Logger

INTRODUCTION

An Operator's manual, Service manual and a Parts catalog are made available by **Tigercat** to assist the dealer, customer and operator in becoming familiar with the features of the 875 Loggers

Serial numbers:

8750501 TO 8752000

The 875 Logger configured as a Harvester is designed for harvesting trees, at-the-stump processing or roadside processing applications in thinning, selective felling and clear felling applications in plantations and natural stands

or

The 875 Logger configured as a Loader is designed for log processing, sorting, log transferring and loading.

The operator's manual will assist the operator with the technique of proper and safe operation of the 875 Logger. The service manual contains safety and servicing procedures and a preventive maintenance schedule to ensure optimum machine performance.

Section 1 in both the operator's manual and the service manual contains safety information that must be followed. As well, throughout the rest of the manuals DANGER, WARNING and CAUTION notices are displayed where necessary, drawing attention to possible hazards when performing certain procedures.

Only trained personnel should be allowed to operate or work on the machine.

The information contained in this manual is current at time of printing. Improvements to the machine are on-going and may not be covered, therefore in these cases contact your **Tigercat** dealer for the appropriate information.

Tigercat reserves the right to make changes to the machine after this manual release date that may not immediately appear in this manual.

Every effort is made to send out updates on a regular basis. If the machine in question was built after the release date of this manual and there is a discrepancy, call **Tigercat** service department. The release date appears on the first page.

The Company reserves the right to change information contained herein at any time without prior notice.
